CL/CK700 – GRADE 2 CYLINDRICAL LOCKSETS

Exceptional security, enhanced aesthetics, and rugged dependability.

These premium locks are built with a high performance cylindrical chassis for all applications where ANSI/BHMA A156.2 Series 4000 Grade 2 products are required. To meet the aesthetic needs of your project, these versatile locks are available in a range of trim designs.

Features

- DORMA CL/CK700 Series locks feature advanced design concepts for extreme reliability and are manufactured with the finest materials for exceptional durability.
- CL/CK700 Series locks are easy to install in both wood and hollow metal doors with ANSI/BHMA Standard A156.115 preparations for cylindrical locks.
- CL700 Series lever handle locks include special spring assemblies designed to hold the levers in the correct position.
- CL700 Series lever locks are through-bolted for additional strength and reliability.

- CL/CK700 Series lever locks are easily adjustable to accommodate doors from 1-3/8"–1-3/4" thick without spacers or special tools.

Recommended Applications

- Hotels
- Apartments
- Churches
- Municipal Buildings
- Retail Complexes
- Offices

Technical Details

- Non-handed for simple installation.
- Auxiliary deadlocking latch bolt.
- Lock chassis constructed of steel and stainless steel components for superior strength and corrosion resistance.

Certifications

- ANSI/BHMA A156.2 Grade 2 certified.
- Meets A117.1 accessibility code and ADA requirements for barrier-free accessibility.

- UL listed 3 hour fire rated. Locks with 1/2" throw latch bolts are listed for A label and lesser class doors, 4'0" x 8'0" maximum per leaf.

Cylinders and Keying

- Unless otherwise specified, cylinders will be provided in DORMA standard keyway with two (2) nickel silver keys.
- Optional patented key system available.
- Refer to separate **DORMA Price List** for full details and options such as master keying, retrofit cylinders and keyways, and small format and full size interchangeable cores.

Finishes

- Brass: 605 (Bright), or 606¹ (Satin).
- Bronze¹: 612 (Satin) or 613 (Dark Oxidized Satin).
- Chrome¹: 625 (Bright) or 626 (Satin).
- Stainless²: 630 (Satin).

¹ Available on lever handle locksets only.

² Available on knob locksets only.

Special Finish Notes

ANSI/BHMA A156.18 standards describe 613 Dark Oxidized Satin Bronze finish as a category B finish. B category finishes, "do not match from one alloy or form of material to the next and from one manufacturer to the next." The 613 finish may vary between manufacturers' products and models.

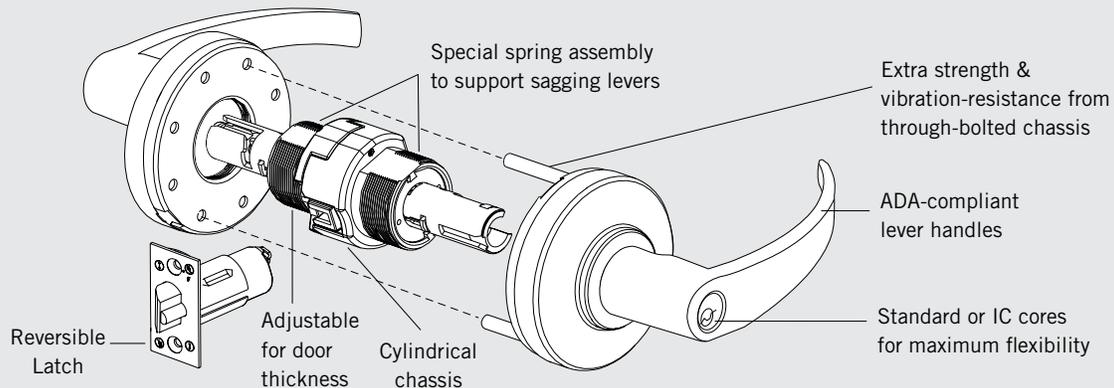

In some instances, for customer convenience, the most appropriate BHMA finish symbols are used to indicate similarity of appearance, regardless of base metal or finishing process. Finishes of latches, strikes, cylinders/cores, and visible mounting screws, though similar in appearance, may differ from the finish of the trim. Finish designations in the 600 numbers are the BHMA (Builders Hardware Manufacturers Association) industry standard.

Security Screws

Torx® tamper-resistant screws are available for all exposed screws. Specify **TX**.

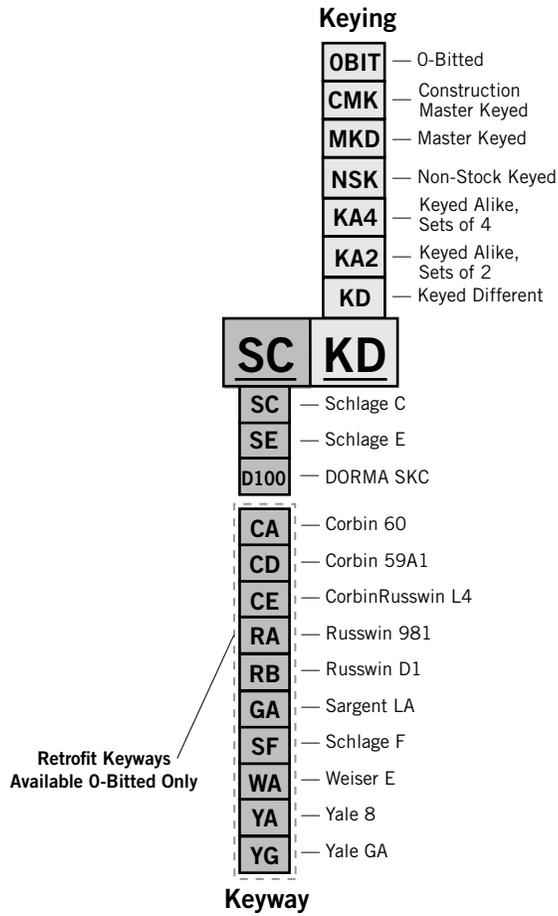

Warranty

For details, refer to **DORMA Limited Warranty** on our website at go.dorma.com/terms.

1/2" Throw Latch bolt

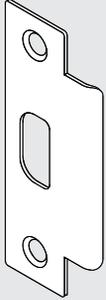

NOTES:

- 2-3/4" backset with 1/2" throw is the CL/CK700 Series default.
- Links for 3-3/4" and 5" backset require 2-3/8" backset latches.

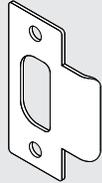

Strikes

Standard – ANSI

5001 — ANSI 1-1/4" × 4-7/8" strike. 1-3/16" lip length. Default strike for all CL700 Series locks. Optional for CK700 Series locks.
760006253 — Optional dust box for 5001 ANSI strike.

Optional – T Strike

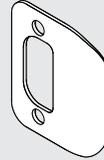

Dust box included.

5101 — 1-1/8" × 2-3/4" square T-strike. 1-1/8" lip length. Default for all CK700 Series locks. Optional for CL700 Series locks.

5102 — 1-1/8" × 2-3/4" T-strike with radiused corners. 1-1/8" lip length. Optional for all CL/CK700 Series locks.

For optional 1-1/2" lip length, specify 5101-112 or 5102-112.

Optional – Full Lip

5201 — 1-5/8" × 2-1/4" full curved lip strike with square corners. 1-1/8" lip length. Optional for all CL/CK700 Series locks.

5202 — 1-5/8" × 2-1/4" full curved lip strike with 1/4" radiused corners. 1-1/8" lip length. Optional for all CL/CK700 Series locks.

760006254 — Optional dust box for 5201 and 5202 strikes.
